EMS TRANSMISSION: 6/14/05
Information Bulletin No. **CA 2005-052**

To: All California Field Managers, California Desert District Office Manager

From: Deputy State Director, Natural Resources

Subject: Report on Challenge Cost Share (CCS) and Cooperative Conservation Initiative
(CCI) Projects for Fiscal Years 2003 and 2004 **DD: 6/24/2005**

The Washington Office is requesting information on FY 2003 and FY 2004 accomplishments in the CCS and CCI programs (see WO Information Bulletin No. 2005-132, dated May 27, 2005, but not sent out electronically until June 13, 2005). The WO-IB was previously sent out as a draft to all field offices and to CCS/CCI field office personnel via E-mail from John Willoughby on May 19, 2005, along with a draft of this State Office IB.

In order for the State Office to compile this information and submit it to the WO by the deadline of July 1, 2005, field offices (which include CA-610 and CA-930) are to E-mail a completed Microsoft Excel workbook to John Willoughby by Close Of Business June 24, 2005. John provided a copy of the workbook to each field office via his May 19, 2005, E-mail, along with directions on how to fill it out. He has filled in most of the cells in the workbook with information taken from the Budget Planning System (BPS), so field office input should be rather minimal, provided the information for specific projects in these two fiscal years was still in BPS (some 2003 and 2004 projects have apparently been deleted from BPS by the field offices).

Please ensure that this information is as accurate and complete as possible and that you get the information to John by June 24. Continued funding at current levels for California CCS and CCI projects depends upon our ability to demonstrate that we have completed the projects we received funding for in the past.

Please direct any questions to John Willoughby at (916) 978-4638.
